Hongkong, November 16, 1909.

BERI-BERI AS AN EXCUSE.

Considerable amusement was caused at the Supreme Court this morning when a case was mentioned before Mr Justice Hazelton.

Mr P. W. Goldring, who appeared for plaintiff, said he wished for a day to be fixed for the hearing of a case in which the defendant was alleged to be suffering from beri-beri. He could produce witnesses who would say that they had seen defendant walking about the street perfectly well.

Mr Wilson, for defendant—I am glad to hear that.

His Lordship—Will you find out whether your client is able to walk about quite well?

Mr Goldring—If your Lordship does not fix a day it will go on for ever. If it comes on he might die or it will be settled. That is the only way to deal with a skulking defendant. (Laughter).

His Lordship—Mr Wilson tells me defendant has beri-beri.

Mr Wilson—That is the unusual feature in this case. (Renewed laughter).

Mr Goldring—Fix it for next Friday and then my friend can bring another certificate and be more satisfied.

The case was adjourned.

THE CHINESE MAINTENANCE CASE.

Wife's Summons Dismissed.

At the Magistrate's office this morning, before Mr J. R. Wood, the case was again called in which a Chinese woman named Loung Tsoh summoned her husband, Loung Kam Ming, for neglecting to provide reasonable maintenance for her and her infant children whom he is legally liable to maintain. Mr Reader Harris defended him.

His Worship asked Mr Harris what had taken place in the case since the last adjournment.

Mr Harris said the last time he saw the woman was on Monday, when he suggested certain terms to her which she refused to accept. He then proposed that she go before the Registrar General on Wednesday so that the whole facts might be placed before him, but that she also refused to do. Defendant had offered to support her to give her a home, and to find her pocket money.

His Worship reminded the complainant that on the last occasion he advised her to make some settlement with her husband, but as she had not done so he should dismiss the summons.

A FOLLOWER OF INFLUENZA.

An attack of influenza is often followed by a persistent cough, which to many proves a great inconvenience. Mr Goldring's Cough Remedy has been extensively used and with good success for the relief and cure of this cough. Many cases have been cured after other well known remedies had failed. For sale by all Chemists and Storeskeepers.

A Talk on Hall's Distemper.

HALL'S Distemper continues to grow in popularity both at home and abroad. The widely increased demand during the past year has been another great tribute to its sterling worth. Leading Architects and Builders are specifying it more than ever, and it has been selected for use in a great many of the leading public buildings such as The Tower of London, The Royal Mint, The Royal Hospital, Chelsea; The War-Office, The Admiralty, The National Gallery, The British Museum, The General Post Office, The Office of Woods and Forests, etc., and in Buckingham and St. James' Palaces.

While a description of Hall's Distemper is no doubt superfluous, we beg to remind Architects, Builders, and Householders of the following special points:

It is made in two qualities—The Inside quality is the modern scientific application for wall-paper; it makes a more artistic, practical, and healthier wall covering altogether.

The Outside quality is fully weather resisting, it can be used on wood work, iron work, brick work, stone, etc., and can be painted or varnished.

Hall's Distemper no doubt owes a great deal of its popularity to its ease of application and great covering power, resulting in economy in both material and labour costs. 1 cwt. will cover double the surface of 1 cwt. pure white lead, and it dries evenly, overcoming the difficulty of obtaining a uniform tint on plain walls.

There is no wall covering so hygienic as Hall's Distemper. It contains a powerful germicide, and when applied it is instant death to all insect life. It is washable after three weeks by being lightly sponged with warm water.

Special Note.—Hall's Distemper should not be confused with the many so called Washable Distempers now offered for sale, nor with that class of material which requires elaborate preparation of walls. Hall's Distemper is unique in preparation with entirely distinct advantages, and is made only by Sisson Brothers & Co., Ltd., Hull, and London. Sole Agents for South China.

SCOTTISH LETTER.

(From Our Own Correspondent.)

EDINBURGH, January 3,

THE NEW YEAR HONOURS.

New Year's Day brought a surprise to
social and political circles. During the
preceding week a considerable number of
well-known members of the House of Com-
mons were ennobled by the gossips of the
London clubs. Statements were con-
fidentially made, for instance, that there would
be several vacancies in Radical constituencies
in Scotland. But Mr. Asquith has proved
wiser than the prophets. There is no
whole-scale creation of Peers who by their
character were to strike terror to the hearts
of the present members of the House of
Lords. Indeed the list of honours is a very
ordinary one, with no great surprise, at
least in the case of the Scottish recipients.

SHIPPING WAR WITH THE FAR EAST.

The London Correspondent of the

Scotsman writes:—In spite of the

friendly arrangement arrived at in the

course of recent litigation between several

of the steamship companies engaged in

the Far East trade, it is now, I under-

stand, feared that a rate war over ship-
ments to China is inevitable. Some

months ago several of the lines loading

on the Antwerp berth departed from

the aforesaid tariff, and in order to bring

the parties back to the Conference basis,

the P. and O. Company undertook to

carry iron to the Straits Settlements,

China, and Japan, at 10s. a ton, a figure

quite 50 per cent. lower than the recognised

freight. Two of the interested companies

then brought an action for an injunction,

which was granted, but on appeal the

parties arrived at an understanding, and

the rates were advanced all round. The

result was that many shipments held back

for the purpose of profiting by the cut

rates were sent forward, and most of the

steamers advertised for sailing before the

end of the year were fully booked up.

Now I hear that the situation promises to

be worse than ever, as several of the lines

have intimated that they are prepared to

accept goods at much reduced figures.

Naturally the concession is tempting to ship-
pers, and it is believed that the competition

will become exceptionally keen. The worst

of it is that several outside companies are

threatening to take part in the struggle,

and it is even said that a new line with

ample capital is to be formed for the

purpose.

SCOTTISH VICTIMS OF THE HAWES DISASTER.

Most of the victims in the railway

disaster at Hawes Junction, when the

Scottish express was wrecked and burned,

were natives of the North travelling home

for the Christmas holidays. The names of

Pip Major Donald Mackay and Mr. Hugh

Mackay will be known to many Scots

who have spent a year or two in London

before going to the East and Far

East. They were greatly valued members

of the Strathaven Fairy Circle which

has done much to brighten the lives

of the London poor. On the very

evening when they joined the ill-fated

train, they had taken part in the programme

at the annual Christmas entertainment for

the London sandwichmen. Many thousands

who have heard their piping and seen their

dancing as part of the "S. F. C." work in

hospitals and elsewhere will deeply sym-
pathise with the Pipe-Major's widow and

child, and with Mr. Hugh Mackay's parents,

residents of far-away Strathaven, near

Cape Wrath, in their terribly sudden loss.

So greatly were the two Mackays esteemed

that several London Scottish gatherings,

including the annual Christmas

dinner, were suspended in their honour.

FESTIVAL OF EMPIRE.

Ambitious Sports Programme.

PHYSICAL CULTURE DISPLAY.

The Festival of Empire and Pageant of London, which, it will be remembered, was to have taken place at the Crystal Palace last summer, but was postponed owing to the death of King Edward, is definitely announced to take place this year, and will unquestionably form the chief of the many festivities of the Coronation season. The promoters of this great undertaking have not been idle since the postponement, and have utilized the extra time at their disposal in organising what will in effect constitute a mammoth Imperial "at home," coupled with British and Colonial exhibitions such as have rarely been seen in England.

The patronage of H.M.'s Government has already been secured, while the several Colonial Governments are officially arranging important exhibits of their products and industries. These will be housed in buildings which will, in every case, be exact, though slightly reduced, replicas of the Government houses of their respective countries, so that the exhibits will be shown in a thoroughly appropriate setting, and not, as is so often the case, in a series of scratch buildings. The reconstructed programme is on lines of broad, comprehensive, and national and imperial magnificence, and completely follows into the shade last year's arrangements. Indeed, it may now be confidently asserted, the coming great under-taking will completely overshadow the most ambitious of similar efforts in the past in Europe or America.

The reason of the Festival of Empire is to demonstrate to the somewhat casual and often times unobservant British public the real significance of our great self-governing Dominions—to make us familiar with their products, their ever-increasing resources, their illustrious possibilities. And, it must be admitted, no more fitting period could be selected for an enterprise of such a National and Imperial importance than during the Coronation year of His Majesty who has both visited and made himself acquainted with the outposts of the Empire.

One of the central events of the Festival will be the historical scenes of the Empire's history and dream of development. A committee of leading historians, with Mr. Laurence Gomme, F.S.A., as chairman, has compiled a list of scenes which will show the main current of the Empire's unparalleled history. The arrangements and production will be under the personal direction of Mr. Frank Lassels, who has a name the world over for the magnificence of his pageants; and upwards of 16,000 performers will take part in the proceedings. There will be altogether 24 scenes, eight of which will be presented daily in the magnificently-lit amphitheatre designed by Sir Aston Webb, R.A.

Another interesting move of the Entertainment Committee will be seen in the exhibitions of model buildings and villages. The promoters of the Festival attach great importance to this section. It is suggested that the rush from the agricultural districts to the towns, which in the present day is conducive to so many difficulties, largely the result of the unquestionable dulness which exists in remote district villages, and that some of this dulness might be at least relieved, if not entirely removed, if a considered attempt were made to cater for the amusements of the people. The first stop on the direction of the road, should be the building of village halls, and the next, the organisation of companies of players to visit them. The Council of the Festival also intends to show something at least of what might be achieved in this direction, and the model village will consequently contain a model hall, in which entertainments will be given by companies of village players.

There are many other attractions, and sportsmen will be delighted to learn that some two hundred acres are to be devoted to outdoor amusements. A Sports Committee, with Lord Desborough at the head, is busily engaged in the organisation of a series of Imperial sports meetings, and in these the most popular and successful athletes of the day are expected to compete. Mr. W. Henry, who is making a visit to the Colonies, on the delegation of Lord Desborough, has just cabled home that the Australians will give their help to the sports, and especially to the 100 yards, 220 yards, 380 yards, 400 yards flat, hurdles, mile swimming, 100 yards swimming, 100 yards (angles), wrestling (catch-as-catch-can), and boxing (heavyweight).

The other meetings already arranged include South London Harriers, Printing and Allied Trades Sports, South London Schools Sports, Clapham College, Sports, Metropolitan Police Sports, Hailley Clearing House Sports, City of London Police Sports, National Co-operative Festival and Sports, and London Hallways' Athletic Association Sports. Nearly all the chief swimming contests will take place in the intermissions late at the Palace, including probably the King's Cup meeting.

It may be taken for granted that the athletic side of the Festival will be on a large scale, and it will be confined to merely classic events. It is an inspiring spectacle to watch big British athletic champions fight out a desperate struggle for honour, and the world will assemble to witness the representatives of the Mother Country and the Colonies strive for what will probably be Empire championships, but there is a past as well as a present and a future, and it is hoped that arrangements will be made to present under conditions that will be a faithful reproduction of olden times, a series of sports and pastimes which will enable the visitors to the Empire to inspect themselves in the days when they had to depend upon the strength of their arm for the defence of hearth and home.

There is another branch of the physical culture side of the Empire Festival that is certain to command great attention, because it promises to be the most important of all. Mr. Merideth Glass has undertaken to organise a series of physical culture displays, and his idea is to have separate displays on different sides of contingents each numbering about 1,000 drawn from several selected towns in Britain, and one special day for the Colonies, the wind-up to be a grand combined massed display. Prizes will be offered for competition, including the Empire Shield, to be held for a year by the district obtaining the highest aggregate of marks.

and music; to insist on the subordination of women and to keep them confined to household duties, the rearing or the training of children. In many of his aspects, however, he represents the fine flower of his race and time. His home-life has been a model to all his people and we trust that he may be spared many more years of life to set an example so worthy of emulation.

We asked at the beginning of this article to be allowed to associate with the German people in the celebration of their Emperor's birthday. We might claim, the honour by right of blood, for us Mr. H. S. CHAMBERLAIN in that wonderful work of his, "The Foundations of the Nineteenth Century," points out, we are really kin to one another. Mr. CHAMBERLAIN calls the people of the British Isles and Northern Europe by the term Teutonic. By the phrase, the Teutonic peoples, he means, broadly, those who have best preserved the great Aryan traditions—the principles of civil liberty, of free creative energy in all departments of life, tolerance of intellectual differences, loyalty to chosen leaders

spirituality and imaginative ardour in their conception of the universe. Since the fall of the classical nations these traditions are represented by the Northern peoples—Scandinavians, Celts, Germans, and the older and pure. Slave, all of whom he includes under the title Teutonic, simply because, if one must have one designation for them all, it is natural to take that designation, as we take the name English, from that of the leading stock. And then, he goes on to say:—"The Teuton has proved himself so intellectually, morally, and physically pre-eminent among his kinsmen, that we are entitled to make his name summarily represent the whole family. The Teuton is the soul of our culture, what binds us all together and makes an organic unity of us is 'Teutonic' blood. If we look around we see that the importance of each nation as a living power to-day is dependent upon the proportion of genuinely Teutonic blood in its population. Only Teutons sit on the thrones of Europe." Therefore, in all sincerity, we can English people by right of kinship wish long life and prosperity to the German Kaiser on this his natal day.

HONGKONG, FRIDAY, JANUARY 27, 1911.

THE GERMAN EMPEROR.

To-day all loyal Germans throughout the world will raise their glasses and toast the health of KAISER WILHELM II., and as Englishmen we crave permission to join the chorus of thanksgiving that arises because another year has been added to his valuable and active life. It is a truism now that nowhere has the German Emperor more sincere admirers than are to be found within the borders of the British Empire. We admire him for many things, but principally, perhaps, because of the high ideals of Kingship which he has consistently followed ever since he ascended the Throne. From the day of his accession he has kept the welfare of Germany in the forefront of his daily thoughts and though at times his activities in this or that direction may at the moment have seemed ill-judged there is no denying the sterling integrity of intention which actuated him.

In a sense he is the Father of latter-day Germany. His virile personality has set in motion many of the currents of thought and industry which have transformed Germany within the memory of living men. To-day when we look at her teeming and prosperous cities and harbours, her well-regulated social and civil life, her splendid provision for the sick, the aged and the maimed among her workers, we cannot help but admiring the pertinacity of purpose which has brought it all about. Of course Kaiser WILHELM has had many able lieutenants, men who have helped in the advance in industry, commerce, science and politics, but at the same time we must not forget that their work would not have been crowned with such complete success had the occupant of the Throne been of a less sympathetic and inspiring a temperament. In view then of his great services to his people, we can afford to overlook many of the smaller idiosyncrasies which go to make up his complex character; his tendency to preach at all and sundry times, to over-emphasize his belief in the divinity of Kings; to set the fashion in art, the drama, literature,

The Englishman publishes an interview with a leading member of the Bombay community, whose name does not transpire, on the unsavoury situation in the silver market, indicating the possibility of a crisis in the event of the Indian Government not becoming a large purchaser of the white metal at an early date, a contingency which in well-informed circles is considered highly improbable.

The enterprising firm of H. Price and Co., Ltd., are opening on the 1st February a branch of their Wine and Spirit business at No. 63 Haiphong Road, Kowloon, for the convenience of customers and residents generally in Kowloon. All their well-known specialities, including their draught beer and stout in jars will be sold in this new branch and everything will be of the same high-class quality as sold in their head offices. We wish Messrs Price and Co. every success in their new venture and hope that they will meet with the success they deserve.

NOT THE ORDINARY KIND.
CHAMBERLAIN'S Cough Remedy is not a common every-day cough mixture. It is a meritorious remedy for all the troublesome and dangerous complications resulting from cold in the head, throat, chest or lungs. For sale by all Chemists and Stoakeepers.

NEWS OF THE DAY.

H.M.S. Minotaur, flying the Admiral's flag, and H.M.S. Kent came into port shortly before nine o'clock this morning from Singapore.

The next meeting of the Hongkong Christian Union will take place on Monday, the 6th February, at 5.30 p.m., at Rutherford Hall, St. Stephen's College. There will be no meeting on Monday, the 30th, January—Chinese New Year Day.

It is understood that for the three months beginning from January 9th at the opium wharf at Calcutta the whole of the opium chests sold will be allowed to be marked for import into China leaving adjustment to be made on sales in the succeeding nine months so that the total marked for import into China may not exceed the amount agreed to with the Chinese Government.

The United States gunboat Hornet has landed a force of American bluejackets at Ceiba, Cuba, to protect the lives and property of American citizens in that section. Word has been received at the State Department of disorder and riots at that place and orders were sent to the naval force in Cuban waters to stand by to protect Americans and their property.

The difference between Canada and the United States in the matter of grain production, according to the New York

Commercial, is this, "While the available areas are about all occupied and production has practically reached the maximum in the States, Canada, with 50 per cent greater productive capacity, will be a long way off from her maximum yield in twenty years to come. And it is largely a question of land conditions. Canada's wheat growing belt is four times greater than that of the United States and only 5 per cent of Canada's western agricultural area is under cultivation. There are 171,000,000 acres of wheat lands which will make those western provinces richer, more populous, more dependable for food supplies than the western States can ever become. The centre of food supremacy will change to Canada."

SOCIAL AND PERSONAL.

Mr and Mrs A. L. Stru are returning to the Colony by the French Mail after a short visit to Shanghai.

Towkay Leong Foo, of Ipoh, a member of the Malaya Federal Council, has given the splendid donation of \$10,000 to the King Edward VII Memorial Fund, which is to be devoted to the improvement of the Singapore Medical School.

We deeply regret to hear of the death in Bedford, England, after a long painful illness, of Mrs Skelton, mother of Mr. A. H. Skelton, of Hongkong. She was a resident in the Colony some years ago, and made a host of friends who will bear her demise with deep regret. To her son and daughter we tender our respectful sympathy. The late Mrs Skelton left Hongkong in 1906, having resided in the Colony for ten years.

Ever since the overthrow of the French Empire, Princess Clothilde has lived a retired life at her Chateau de Moncalieri, near Turin. This she has turned into an orphanage and hospital, and here she lives as a Sister of Mercy, dedicating her life to good works and to the service of the poor.

The case of her sister, Queen Pia, is one of the most tragic of modern times. She has lived to see her avaricious brother, King Humbert, assassinated, her son and grandson cruelly slain also by assassins, and her grandson dethrown; while herself she is now an exile from the land she has for so many years made her own.

**DRAMATIC ENTERTAINMENT
AT ST. JOSEPH'S COLLEGE.**

There was a large attendance at St. Joseph's College on Thursday night to witness a very interesting dramatic entertainment by the Apostleship of Study entitled "Falsey-accused," the funds of which are to provide a banner of the Sacred Heart. The four act drama was thoroughly well staged and its production reflects the greatest credit on all concerned. The plot was simple but nevertheless interesting right to the end and gave the performers ample scope for their by no means insignificant abilities. P. H. Probst took the title role of Jasper Roseblade and his acting of this difficult character was a feature of the evening. F. I. Silva, too, had a light task in Jonathan Roseblade, father of Jasper and Claude and he certainly distinguished himself in it, while R. D. Baptista admirably fulfilled the offices of a worthy son. Plenty of fun and amusement was created by the irrepressible Henrique Lopez together with Jorge Vaz, V. Reczam and M. Baptista and their services cannot be too highly commended.

His Worship—I think the police might withdraw in this case.

Mr. Wodehouse—I think it would be better to continue the summons and if your Worship finds it proved—

His Worship—The case is proved, but I should advise you to withdraw in this case.

Mr. Wodehouse—All the holders of game licences have been notified about this matter.

His Worship—It is for the police to make that clear.

Mr. D'Almada—I would ask that the summons be dismissed.

His Worship—I think the police might withdraw in this case.

Mr. Wodehouse—I think it would be better to continue the summons and if your Worship finds it proved—

His Worship—The case is proved, but I should advise you to withdraw in this case.

Mr. Wodehouse—All the holders of game

licences have been notified about this matter.

His Worship—It is for the police to clear up the matter. They should make an exact description of the birds they will prosecute

for shooting, and publish it.

After further discussion Mr. Wodehouse consented to withdraw the summons, and defendant was discharged.

EMPEROR OF GERMANY'S
BIRTHDAY.

To-day Emperor William II of Germany celebrates his 52nd birthday, and wherever sons of the Fatherland forgetful the occasion is being marked in some special manner or other. His Imperial Majesty the Kaiser has presided over the destinies of the Empire for nearly 23 years now, and he has won a high place in the esteem and affection of his subjects, while he is also recognised as a wise, and astute ruler by men of all nationalities. We hope that he will be spared for many more years of useful service to his country and to the world, and at this time we would extend our felicitations to the German community in the Colony.

Owing to the fact that there is at present no representative of the German Navy in harbour the day has passed without much outward indication of the event. The only German vessel in port is the a.s. Prinz Waldemar, which arrived this morning from the North. Lying alongside at the Kowloon wharf, she has been fully dressed in flags in honour of the day. The Consul has been "At home" at the Consulate to-day, and a large number of callers paid visits to extend their congratulations. To-night at the Club Germania there is to be a special dinner, at which the hand of the 13th Rajputs will be in attendance.

PROGRESS OF INDIAN TOUR.

(Reuter's Service to the China Mail.)
LONDON, January 27.

The Crown Prince of Germany has arrived at Allahabad after a successful shoot in the Mirzapur jungle.

**PORTUGAL'S NAVAL
AMBITIONS.**

**EXPENDITURE OF £20,000,000
CONTemplated.**

(Reuter's Service to the China Mail.)
LONDON, January 27.

In connection with the message of the 22nd inst. from Lisbon, stating that British and American firms had made proposals which would enable Portugal to carry out a scheme of reorganisation of her Naval fleet without sacrifice, the Daily News says that the aim of the Government of the new Republic is to secure cruisers of British type which would be able to protect her coasts in the event of war, without Great Britain's assistance.

The expenditure, which is to be spread over a long period, is estimated at £20,000,000 sterling.

NEW TERRITORY SPORT.

What Birds can be Shot?

Some interesting points on New Territory sport were raised at the Magistrate's court this morning when the case again came up in which J. M. C. Lopes, employed at the Hongkong and Shanghai Bank, was charged before Mr. E. R. Hallifax with shooting wild birds in the New Territory without a licence. Mr. P. P. J. Wodehouse, Deputy Superintendent of Police, prosecuted, while Mr. Leo D'Almada Castro defended.

Mr. D'Almada produced two ringdoves which had been stuffed, and Sergeant Kerr handed in a bird which he called a blue rock and another which he described as a scaled pigeon.

His Worship explained that pigeons of all kinds were excluded from the licence to shoot game. There were one or two kinds of pigeons which the police did not intend to prosecute people for shooting. That was the point that should be made clear now.

Mr. Wodehouse confessed that he was ignorant about the different kinds of birds to be discriminated upon.

His Worship—The police must have orders.

Mr. Wodehouse—Yes. They have orders, which refer to the blue rock pigeon and the shell back. Sergeant Kerr describes one as a shell back and the other as a blue rock.

Mr. D'Almada—The intention of the Legislature is, no doubt, that local birds should be preserved.

His Worship—It is not the intention of the Legislature at all.

Mr. D'Almada—These are migratory birds, and that is why they are allowed to be shot, because they are considered game.

His Worship—The point to be kept clear is how far the police are going to exercise their powers for summoning any one who shoots pigeons.

Mr. Wodehouse—We summon for these kinds.

His Worship—The stuffed birds are called ring doves.

Mr. Wodehouse—The police don't prosecute in these two—the blue rock or the scaled back.

His Worship—No pigeons can be shot under a game licence. I understand there are two kinds for the shooting of which the police will not prosecute?

Mr. Wodehouse—Yes. Sir Henry May gave instructions with regard to the two kinds of pigeon.

Mr. D'Almada observed that the instructions must have applied to other than local birds.

His Worship—The shooting of pigeons is outside the licence. It is for the police to prosecute in certain cases it

COMPANY MEETINGS.

The West Point Building Co. Ltd.

The twenty-third ordinary meeting of shareholders in the West Point Building Co., Ltd., was held at the company's offices, Victoria Buildings, to-day.

Hon. Sir Paul Chater presided and there were present Messrs J. W. C. Bonnar, S. A. Levy, Hon. Mr. H. Kewick, director; J. M. E. Machado, F. Maitland, M. S. Northcote, Sir Hormusjee Mody, F. Crawford, H. W. Looker, J. C. Peter, J. C. Chapman, and the secretary, Mr. A. Shelton Hooper.

The Secretary read the notice convening the meeting.

The Chairman said—Gentlemen.—With your permission we will take the report and accounts as read. The net revenue for the past year shows a slight improvement over that for 1909 thereby enabling us to pay a dividend for the year of 84 as against \$3.80 for the previous year. The present lease of the property expires on 31st, March next but I am pleased to inform you that we have again leased the property at a slightly increased rental, which in the absence of any demands for extensive repairs account of typhoons, &c., should enable us to continue to declare a similar dividend to that now proposed.

There being no questions the Chairman proposed the adoption of the report and accounts.

Mr F. Maitland seconded and the motion was carried.

On the proposition of Mr Machado seconded by Mr Peter the confirmation of Sir H. N. Mody, Sir Paul Chater, Hon. Mr H. Kewick and Mr S. A. Levy to the Board of Directors was confirmed.

Mr F. Crawford proposed and Sir H. N. Mody seconded and it was carried that the Hon. Mr H. Kewick and Mr S. A. Levy be re-elected directors.

Mr R. C. Edwards was re-elected auditor on the motion of Mr W. H. Looker seconded by Mr J. Chapman.

The Chairman—That is all the business gentlemen; I thank you for your presence. Dividend warrants may be had to-morrow.

The Hongkong Land Investment and Agency Co. Ltd.

The twenty-third ordinary meeting of shareholders in the Hongkong Land Investment and Agency Co., Ltd., was held at the company's offices, Victoria Buildings, to-day.

Hon. Mr H. Kewick presided and there were present Messrs H. P. White, S. A. Levy, W. Logan, G. Friesland, S. A. Sibb, Sir Paul Chater, Hon. Mr E. Osborne, J. M. E. Machado, J. C. Peters, W. H. Looker, M. S. Northcote, Sir H. N. Mody, A. Bryer, Hon. Mr H. E. Follock, K. C. H. P. Smith, J. Arnold, J. Chapman, A. S. Hewitt, C. Pemberton, A. E. Griffin, A. H. Ough and the secretary, Mr A. Shelton Hooper.

The Secretary read the notice convening the meeting.

The Chairman said—Gentlemen.—With your permission I propose to take the report and accounts as read. From the accounts you will have noticed that the receipts for the year under review are \$72,775.32 less than for the previous year. This is accounted for mainly by there having been no sales of property which in the previous year showed a credit of \$52,374.90. The account is also less by \$8,988.51 due to our having called up some of our mortgages, and rent account shows a reduction of \$11,978.03. When I tell you that this latter result is brought about by the falling in of a lease of godowns on Praya East which had previously brought in \$24,000 per annum you will recognize that otherwise our rents have not diminished, and I may tell you that at the close of the year the statistics show an improved general position. The question of our godown properties in the eastern districts has had the very careful consideration of your directors, and we have already substituted in one case Chinese dwellings houses and a few European flats for obsolete godowns. This has been a success and we have further improvements under consideration. At our last ordinary general meeting you approved and confirmed your directors' suggestion for the formation of a reserve fund to meet any unforeseen expenditure that might become necessary for repairs to the property account of typhoons, etc. The prudence of this step has been shown by the large amount which it has been found necessary to expend in the strengthening of our buildings which have shown signs of fractures in the walls. This year there have been many and general dilapidations, as well as a large number of collapses throughout the City, and as we have been spared typhoons and excessive rain storms during the period, your directors' fear that there must be some hidden cause, yet unascertained, but one which should certainly be carefully investigated. The fund you set aside last year for abnormal expenditure has been thus applied. Speaking generally there has been a slight improvement during the year in the property market, though the confidence of the Chinese in this class of investment has not yet been fully restored, owing to the uncertainty as to how the Government will administer and enforce the multitudinous rules and regulations of the Public Health and Building Ordinances.

There being no questions the Chairman proposed the adoption of the report and accounts.

Hon. Mr E. Osborne seconded and said—Considering the very inactive condition of the property market I think the shareholders will congratulate themselves that the results of the year's working have proved so satisfactory as they have turned out to be.

The motion was carried.

Mr J. Chapman proposed and Mr Arnold seconded that the appointment of Messrs W. Logan, G. W. Barton and S. A. Levy to the Board of Directors be confirmed and the motion was carried.

On the proposition of Mr Machado seconded by Mr H. W. Looker, Messrs G. Friesland and H. P. White were re-elected directors.

Mr H. Percy Smith and Mr R. C. Edwards were re-elected auditors on the motion of Mr Griffin seconded by Mr Pemberton.

The Chairman—That is all the business of the meeting, gentlemen. Dividend warrants will be ready on application to-morrow. I thank you for your attendance.

The Money Order Office will be closed both days.

Humphreys Estate and Finance Co. Ltd.

An extraordinary general meeting of Humphreys Estate and Finance Co., Ltd., was held at the Hongkong Hotel to-day, when the subjacent resolutions which were passed at the extraordinary general meeting of the company held on Thursday, the 12th day of January, 1911, were submitted for confirmation as special Resolutions:

(1) That Article No. 70 of the Articles of Association of the Company, which now reads:

"The Directors shall have power from time to time and at any time to appoint any other persons to be Directors, but so that the total number of Directors

"shall not at any time exceed seven and so that no appointment under this clause shall have effect unless two-

"thirds at least of the Directors concur therein"

be amended by eliminating the word "seven" in the third line of such Article and by substituting the word "five" thereto and also by eliminating the words "two-thirds at least" in the fourth line of such Article and by substituting the words "a majority" thereto.

(2) That Article No. 72 of the Articles of Association of the Company, which now reads:

"The Directors other than the General Manager shall be paid out of the funds of the Company by way of remuneration for their services a commission of five per cent. of the net profits of the Company for each year provided that such profits amount to Seven per cent. of the capital of the Company and such remuneration shall be divided among them in such proportions and manner as the Directors may determine and in default equally"

be amended by eliminating therefrom the words "provided that such profits shall not in any one year exceed the sum of \$3,000."

(3) That Article No. 82 of the Articles of Association of the Company, which now reads:

"The remuneration of the General Manager shall be \$8,000 per annum to cover office rent and salaries of Secretary, and clerks and a commission of 5 per cent. of the net profits of the Company for each year that such profits amount to 7 per cent. of the capital of the Company"

be amended by eliminating the words "that such profits amount to 7 per cent. of the capital of the Company" contained in the fourth and fifth lines of the Article in question.

(4) That Article No. 105 of the Articles of Association of the Company be struck out and that in lieu thereof the two following further Articles be added, namely:

"No. 105."

"Notice of the Declaration of any dividends whether interim or otherwise shall be given to the holders of registered shares by advertisement in manner hereinabove provided and no dividend shall bear interest as against the Company and a dividend shall not be deemed a specialty."

"No. 105A."

"All dividends undivided for one year after having been declared may be invested or otherwise made use of by the Directors for the benefit of the Company until claimed and all dividends undivided for five years after having been declared may be forfeited by the Directors for the benefit of the Company."

(5) That the above Resolutions shall be retrospective in their effect and that the attentions in the Articles of Association of the Company thereby effected shall be deemed to have been effected and to come into force as of and from the 1st day of January, 1910.

Mr Henry Humphreys presided and there were present, Dr J. W. Noble, Messrs J. W. C. Bonnar, J. Scott Harston, G. Balloch, Directors; W. D. Jupp, A. H. Jackson, F. Maitland, H. W. Bird, H. P. White, A. Forbes, P. A. Xavier, D. E. Clark, C. B. Bryers, J. M. Wong, J. A. Tarrant, and the secretary, Mr Enoch Sotth.

The Secretary read the notice convening the meeting.

The Chairman said—This meeting has been called to confirm the resolutions which were passed on January 12 last. I propose to put the resolutions in writing.

The several resolutions were seconded by Messrs H. P. White, F. Maitland, A. Forbes, W. D. Jupp, and H. W. Bird, respectively and unanimously carried.

The Chairman—That concludes the business of the meeting, gentlemen. I thank you for your attendance and also for confirming the resolutions.

Mr A. S. Hewitt, in an interview in the *Daily Graphic*, described the scheme to erect a mosque in London, and said it would start when the promise reached £25,000 sterling.

CHINESE NEW YEAR HOLIDAYS.

V. M. C. A. ANNUAL MEETING.

His Excellency Sir Frederick Lugard presided over a large attendance at the annual meeting of the V. M. C. A. on Thursday evening.

After prayer by Mr Mackenzie the report and balance sheet was presented and on the motion of the Rev. H. R. Wells seconded by Mr Mackenzie the report and accounts were carried.

His Excellency announced that he was very pleased to accept the presidency of the association and would endeavour to forward its objects to the best of his ability. (Applause.)

Messrs A. Turner, P. H. Holroyd, A. H. Harris, J. R. Wood and Colonel St. John were elected directors for the ensuing three years.

On the proposition of Mr A. H. Harris a hearty vote of thanks was passed to Mr A. C. Shorey for his services in auditing the accounts. Mr Harris said that their late president, Sir Henry May, made it a strong point that the accounts should be kept in a strict and businesslike way and they might congratulate themselves that they had obtained the services of a competent auditor so as to assure the public that the books and accounts were in proper order. (Applause.)

The various committees were elected at a subsequent meeting of the Board of Directors with the following as chairmen:

Lightning, Mr. Smart; social, Mr. R. C. Barlow; athletic, Mr. L. J. Boston; rooms, Mr. A. Smith, while the finance committee is composed of the following: The Hon. Mr. H. E. Pollock, Mr. A. H. Harris and Mr. A. Dryer.

THE 13TH RAJPUTS.

Promotion for Major Camilleri.

The *Gazette of India* announces that Major J. M. Camilleri, Commandant of the 13th Rajput Regiment, has been promoted to the rank of Lieutenant Colonel, subject to His Majesty's approval.

Lieutenant Colonel Camilleri has been in command of the 13th Rajputs since the retirement of Colonel Prior some few months back. During his stay in Hongkong he has made a large circle of friends, who will join in congratulating him on his deserved promotion. It was in the year 1885 that he joined the Army, being appointed to the Royal Malta Artillery. He was then 20 years of age. Two years later he became 2nd Lieutenant in the East Yorkshire Regiment, and a year afterwards he joined the Indian Army as Lieutenant. He was promoted to the rank of Captain in 1896, Brevet-Major in 1900 and Major in 1903.

Colonel Camilleri, who is a qualified interpreter in Italian, has seen a great deal of service in India and in South Africa.

In 1891 he took part in the expedition to Manipur, and during 1892 and 1893 he was engaged in operations in the Northern Chin hills of Burma, being mentioned in despatches for his services. In the following year he was present in the Abor Expedition on the North-East frontier of Assam, while in 1897 and 1898 he was with the 1st Brigade on the North-West frontier of India. Transport Officer, taking part in the action of Lundukai and again being mentioned in despatches. He was also amongst those who were engaged in operations in Bajaur and in the Mammund country, being present at the attack and capture of the Tanga Pass. He also served in the Tirah Expedition.

In the Boxer War as Captain Camilleri

he saw plenty of service and was present at some of the most notable actions fought.

At first he was employed as a Special Service Officer and afterwards was on the Staff.

He was present at the relief of Kimberley

and amongst the numerous engagements

in which he took part were Paardeberg, Poplar Grove, Driefontein, Vet River, Pretoria, Diamond Hill and Witzenberg.

He was again mentioned in despatches.

He received the Queen's medal and seven clasps and promoted to the rank of Brevet-Major.
